SOMETHING IS VERY WRONG WITH THESE POLICING AGENTS
TODAY ANDY GRIFFITH IS GONE

Yes I agree with everything you say Ljp yet aren't you are being to nice JUSTIFYING and forgiving which is a problem Christians have. Being nice causes problem in the end because too many people get away with horrendous things that need to be dealt with before they escalate.

What I see Larry are rogue agents who mob this man. Next, after his gun is taken they murder him in cold blood. I learned the hard way years ago when I was starting to do my research in Minnesota that there had been a change in what rogue officers do. I learned that the DEEP STATE was infiltrating the police departments with rogue police officers who live by a different standard who shoot to kill. They were referred to as KILLER COPS. I hate to say this but they seemed to be Scandinavians or Aryans in some cases. Was the Deep State infiltrating the Mpls., police force with Nazi officers? I learned back then that the training police officers received back then was different as I did my research. The departments seem to be hiring a NEW VERSION of police officers into the mix that were taught to SHOOT TO KILL.

I had my own experience as a researcher with one of them. I had just turned onto a curving local road and was accelerating my car to the speed limit when I was pulled over by a blond Nazi looking police officer and threatened. He claimed that I was speeding but I was not, however the car ahead of me was. I think what happened is that I pulled onto the street after the car that was speeding passed me. The officer must have timed the speeding of the car ahead of me not knowing for sure what that car looked like. I entered at the curve of the road so I do not think the officer saw me enter the stream of traffic. In any case, I did not get a ticket but what I witnessed was the attitude of the police officer that was acting like a Nazi enforcer. He did everything but

click his heels. That frightened me. Then when I looked into it not only were Naxi type police officers being added to the police force back then but the new training they received was to SHOOT TO KILL not shoot to mame. It used to be that if a police officer was trained to pull his gun that he was taught to shoot for the legs, arms or to take a non lethal shot however the new training is different they are taught to SHOOT TO KILL.

This change in training started years ago. I may still have data on it.

My point is that I think the DEEP STATE in MN are bringing in what people refer to as KILLER COPS as I mentioned above.

My other point is that no one seems to be vetting these ICE agents. It sounds like they are being hired on by the droves. It does not look like they receive much if any training as I speculate here but I do know that rogue officers have been added to the mix in Minneapolis.

I also think what may be happening is that these rogue officers are added to the mix to hurt and kill people in order to make ICE look bad.

Something is not right, "something smells in River City" Larry.

There is no way this mob of officers needed to SHOOT TO KILL this man who they had already disarmed and had on the ground. Look at the pictures of this mob who had him down on the ground. It was like a wolf pack surrounding its prey. The man's hand was already on the ground. Witnesses were saying that he had his cell phone in his other hand.

It is legal to carry a gun. In the video you DO NOT SEE HIM DRAWING HIS gun before or after they were taking him down. Instead what you see was that Preddy was helping a woman get off the street. These officers also pushed the woman down to the ground.

Something is very wrong here Ljp. Christians in general have to stop being forgiving pacifists and do something about these things. This is one of the reasons I have so little respect for Christians. They go along to get along while quoting scriptures and praying which is not proactive but pacifistic instead. Christian ideologies are a real problem in our world for so many reasons. I have been a victim of the many times. Christian morals often come from Jewish and Hebrew pagan satanic ideologies with a

mix of what Jesus taught to solidify them. When you blend black and white together you get GRAY.

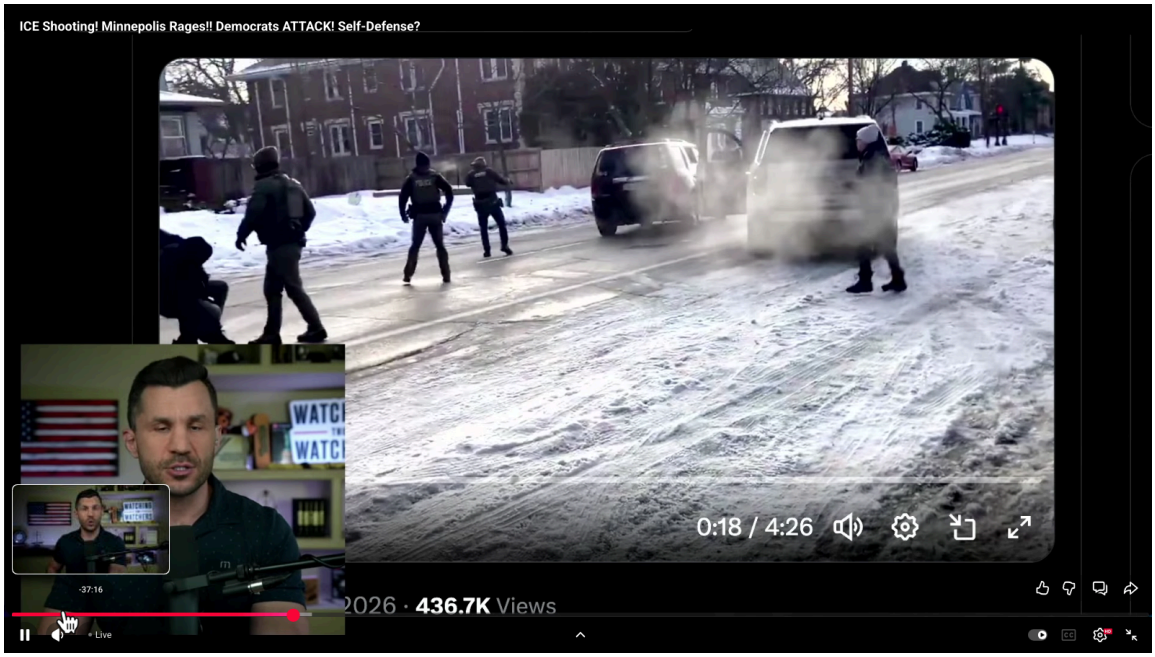
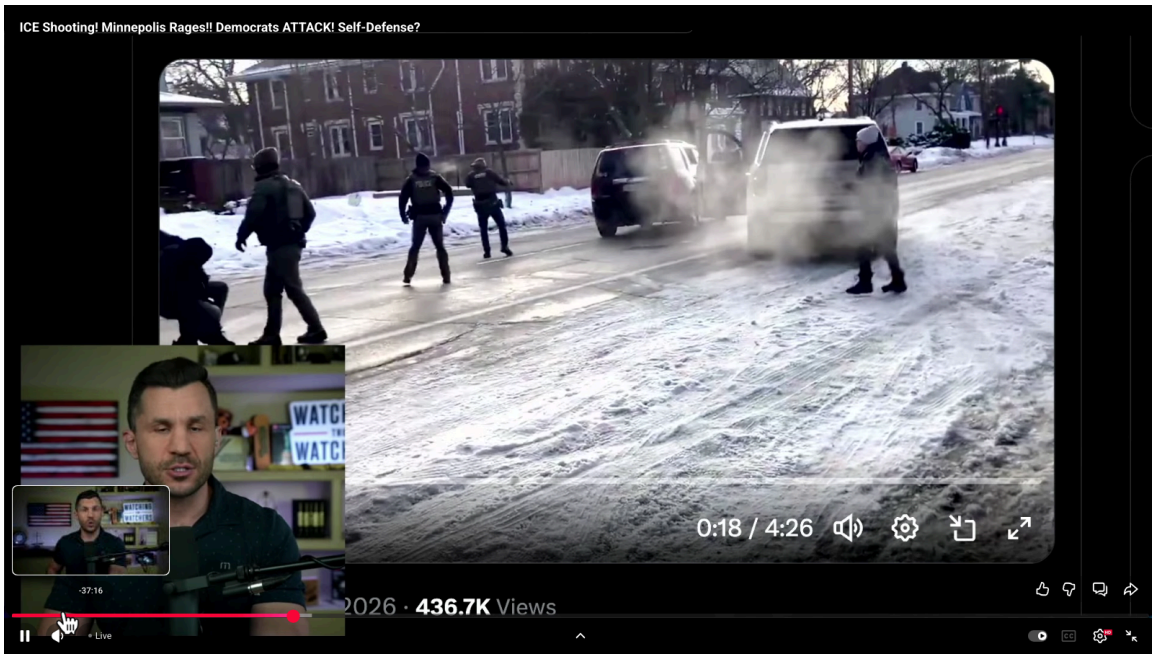
Renee Good Had 4 Gunshot Wounds…

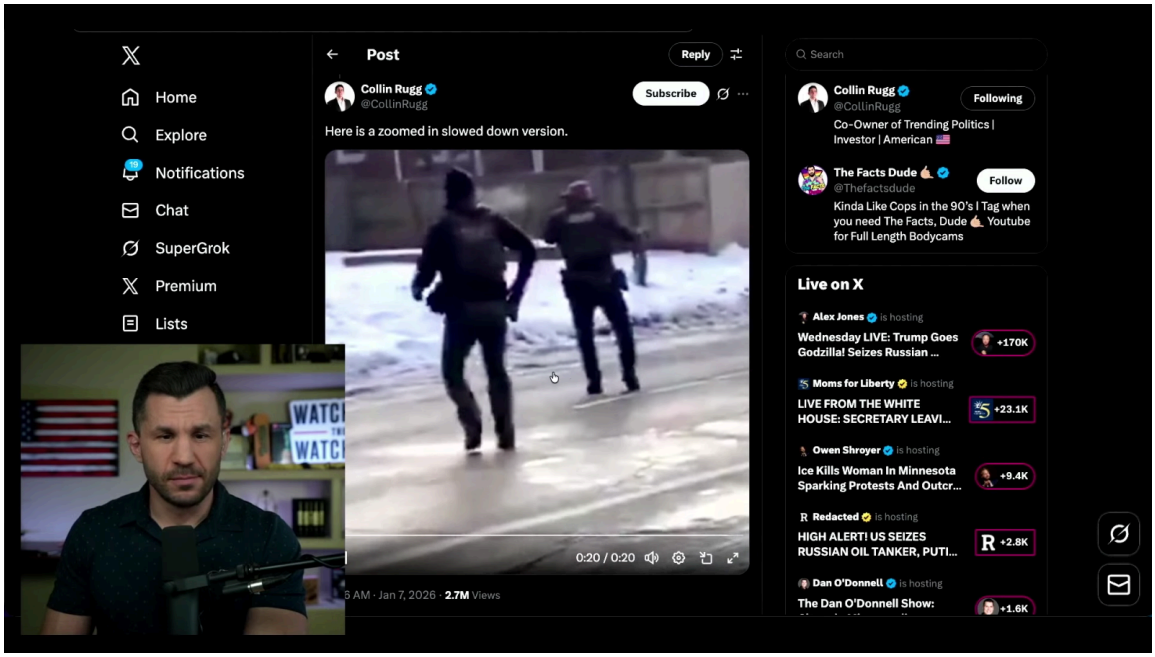
NOW LOOK AT THE RENEE GOOD\ VIDEO



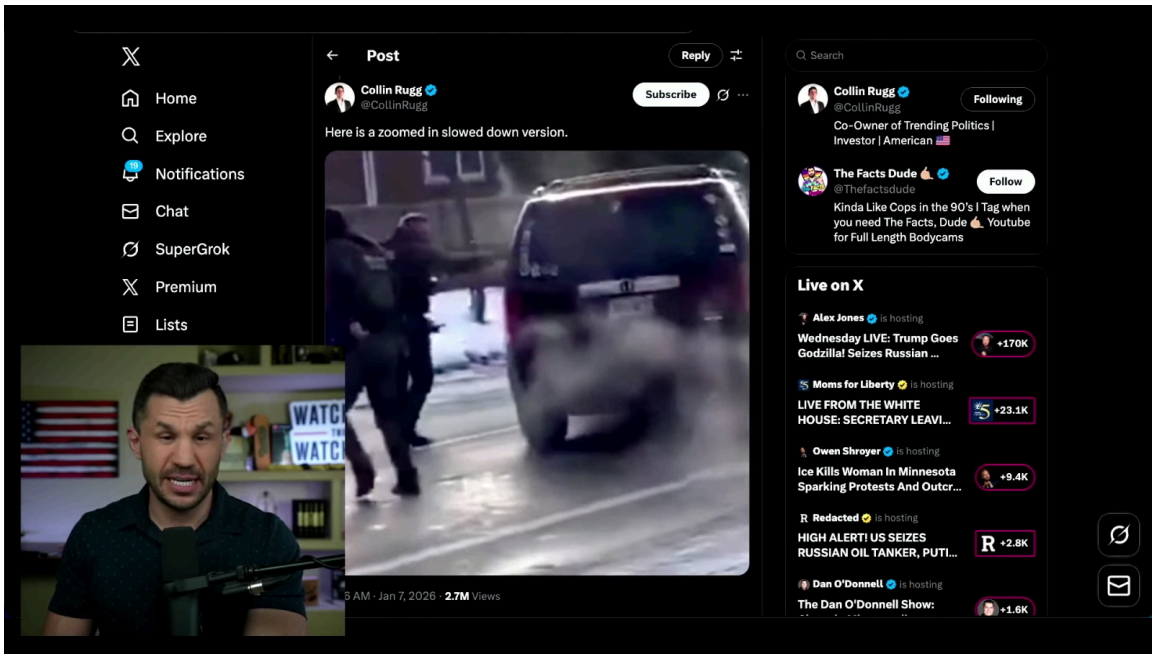
The officer shot to kill with 4 bullets from the side of her vehicle as she as leaving.



Her car is leaving as she was dying from the four shots to the head.



The officer was not in danger of being hit at the side of her car while her tires were turned to leave the scene



The officer was shooting at very very close range at her while he was at the side of her car

Again: she was leaving the scene. Her tires were turned to leave. The officer was alongside her car that pulled his gun at close range to murder her with four shots to the head. **Something is very wrong with this police officer.**
